THIS NOTICE.

This notice describes the information privacy practices followed by this practice, professionals, staff and other office personnel including any practitioner who might provide "call coverage" for your practitioner. This notice applies to the information and records we have about your health, health status, and the services you receive from this practice. We are required by HIPAA law to give you this notice. It will tell you about the ways in which we may use and disclose health information about you and describes your rights and our obligations regarding the use and disclosure of that information.

HOW WE MAY USE AND DISCLOSE HEALTH INFORMATION ABOUT YOU.

By State law and the ethics of our mental health professions, we must have your written, signed Consent to use and disclose health information for the following purposes:

... **For Treatment.** We use health information about you to provide you with clinical services. We may disclose health information about you to office staff or other personnel who are involved in taking care of you and your health.

... **For Payment.** We may use and disclose health information about you so that the treatment and services you receive at this office may be billed to and payment may be collected from you, an insurance company or a third party. **It is our policy to release only diagnoses, date, and type of service when we have your consent to bill third party payers.** If more information is requested by a payer, we will request your written authorization for that disclosure.

... **For Health Care Operations.** We may use health information about you in order to run the practice and make sure you receive quality care:

... **Appointment Reminders.** We may contact you as a reminder that you have an appointment.

Please notify us if you do not wish to be contacted for appointment reminders, or if there are restrictions you want to make about such contact.

SPECIAL SITUATIONS

We may use or disclose health information about you without your permission for the following purposes, subject to all applicable legal requirements and limitations:

... **To Avert a Serious Threat to Health or Safety.** Based on professional judgment, we may use and disclose health information about you when necessary to prevent a serious threat to your health and safety or the health and safety of the public or another person.

... **Required By Law.** Based on professional judgment, we will disclose health information about you when required to do so by federal, state or local law. Disclosures may be compelled by DHHS for compliance and enforcement purposes

... **Lawsuits and Disputes.** If you are involved in a lawsuit or a dispute, we may disclose health information about you in response to a court or administrative order. Subject to all applicable legal requirements, we may also disclose health information about you in response to a subpoena. Such disclosures would be based on professional judgment.

... **Law Enforcement.** We may release health information if required to do so by a law enforcement official in response to a court order, subpoena, warrant, summons or similar process, subject to all applicable legal requirements.

... **Family and Friends.** In situations where you are not capable of giving authorization (because you are not present or due to your incapacity or medical emergency), we may, using our professional judgment, determine that a disclosure to your family member or friend is in your best interest. In that situation, we would disclose only health information relevant to the person's involvement in your care. For example, if you were in a mental health crisis, we might involve a family member or friend in helping you get to an appropriate care facility.

Additional disclosures are permitted under HIPAA regulation. These additional disclosures will not be made by this practice without your authorization; and they may be contrary to state law. However, once information leaves this practice and becomes part of any data resource beyond our control, HIPAA permits disclosure in the following circumstances:

... **Military, Veterans, National Security and Intelligence.** If you are or were a member of the armed forces, or part of the national security or intelligence communities, military command or other government authorities may require the release of health information about you. HIPAA also permits release of information about foreign military personnel to the appropriate foreign military authority.

... **Workers' Compensation.** Health information about you may be released for workers' compensation or similar programs. These programs provide benefits for work-related injuries or illness.

... **Public Health Risks.** Health information about you may be disclosed for public health reasons in order to prevent or control disease, injury or disability; or report births, deaths, suspected abuse or neglect, non-accidental physical injuries, reactions to medications or problems with products.

... **Health Oversight Activities.** Health information about you may be disclosed to a health oversight agency for audits, investigations, inspections, or licensing purposes. These disclosures may be necessary for certain state and federal agencies to monitor the health care system, government programs, and compliance with civil rights laws.

... **Information Not Personally Identifiable.** Health information about you may be disclosed in a way that does not personally identify you or reveal who you are.

OTHER USES AND DISCLOSURES OF HEALTH INFORMATION

This practice will not use or disclose your health information for any purpose other than those identified in the previous sections without your specific, written *Authorization*. We must obtain your *Authorization* separate from any *Consent* we may have obtained from you. If you give us *Authorization* to use or disclose health information about you, you may revoke that *Authorization*, **in writing**, at any time. If you revoke your *Authorization*, we will no longer use or disclose information about you for the reasons covered by your written *Authorization*, but we cannot take back any uses or disclosures already made with your permission.

If we have HIV or substance abuse information about you, we cannot release that information without a special signed, written authorization (different than the *Authorization* and *Consent* mentioned above) from you. In order to disclose these types of records for purposes of *treatment, payment or health care operations*, we will require a special written authorization that complies with the law governing HIV or substance abuse records.
